REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board:

Herewith I submit my third annual report.

The teachers employed for the year 1927-8 were as follows:

School	Teacher	Training	Exp.	Cred.	Sal.
Corser Hill	Mabel Miller	5 summers	4 yrs.	Lic.	\$850
Putney Hill	Muriel Pritchard	K. N. S. 2 yrs.	0	Lic.	800
Music	Lena C. Ball	1 yr.	5	Lic.	100

On account of the small number of pupils the Bashan school was not opened this year. The pupils were transported to the Putney Hill School.

The attendance statistics for the year are as follows:

	Corser Hill	Putney Hill	Total 27-28	Total 26-27
No. half-days in session	356	354	710	686
No. half days lost	4	6	10	34
Total pupils registered	16	15	31	41
Average membership	9.39	12.7	22.09	27.01
Percent of attendance	94	90.55	92.3	92.18
No. of tardinesses	42	19	61	109
Av. tardiness per pupil	4.4	1.5	2.7	4
No. visits of school board	10	10	20	10
No. of visits of Supt.	31	33	64	55
No. visits of citizens	67	90	157	124

In every item except number of pupils registered there has been an improvement over last year:

1. The number of half-days lost for these two schools is 10. Last year it was 34. In 1925-26 it was 53. Thus without additional expenditure of money each school has

received more than two weeks more schooling this year than in 1925-26.

2. The percent of attendance is slightly better this year. Tardiness per pupil has considerably decreased. The number of visits by the school board has doubled.

The total number of pupils residing in the district and attending public schools was 40, the same as last year. Of these 31 were registered in the Webster schools, and 9 in the High Schools of neighboring districts as follows:—Concord High, 2; Hopkinton High, 2; Penacook High, 4; Tilton Seminary, 1.

The honor roll of perfect attendance is as follows:

For one year—Eleanor Frost, Viola Palmer.

For three quarters—Robert Roby, Ernest Frost.

For two quarters—None.

For one quarter—Alton Kimball, Vito Kaspar, Albert Mignault, Emily Mignault, Roger Sanborn, Olive Smith.

This is a much better record than last year when there was no pupil who had perfect attendance for the year.

The annual medical inspection was made by Dr. L. H. Cogswell. The report follows:

No. pupils examined	19	Defective hearing	3
No. teachers examined	2	Defective teeth	13
No. cases underweight	3	Diseased tonsils	3
Defective vision	1	Pediculosis	3

As in the previous year the number of pupils having defective teeth is very high in proportion to the whole. Parents should endeavor to have this corrected. A dental clinic might be held to correct this.

In June two pupils, Emma Mathewson, and Dorothy Mathewson, completed the work of the eighth grade at the Corser Hill School.

The equipment at Putney Hill was improved by the addition of sixteen feet of Sterling blackboard,—imitation slate. The inside of the building at Corser Hill was painted.

In both schools the desks now in use are of the old fashioned double non-adjustable type. Several are broken. At the Putney Hill school foot-rests were made for the smaller pupils whose feet did not touch the floor when seated. As soon as possible adjustable chairs and desks should be installed in both schools. This will greatly assist in improving posture, and preventing possible curvature of the spine, besides adding much to the comfort of the pupils.

Cooperation on the part of parents, pupils, and teachers has resulted in another year of good progress for the schools. It has been a pleasure to work with the board in its endeavors to advance the educational work of the district.

Respectfully submitted,

JOHN A. SINCLAIR,
Superintendent of Schools.
